

# Certificate of Analysis

Lot Number: [BC-LD08112026-2](#)  
 Client Name: [Badger Compounds](#)  
 Identity: [www.badgercompounds.com](http://www.badgercompounds.com)

Received Date: [8/11/2026](#)  
 Analysis Conducted: [8/14/2026](#)

|             |                          |
|-------------|--------------------------|
| Compound:   | KPV                      |
| Lot:        | BC-LD06222026-6          |
| Appearance: | White Lyophilized Powder |

|             |                                                               |
|-------------|---------------------------------------------------------------|
| CAS:        | 112965-21-6                                                   |
| Formula:    | C <sub>17</sub> H <sub>32</sub> N <sub>6</sub> O <sub>4</sub> |
| Mol Weight: | ~384.48 g/mol                                                 |

PubChem CID: 9929972

Qualitative and Quantitative chemical analysis by Ultra High-Performance Liquid Chromatography with Mass Spectrometry

|                | Specifications | Result | Scan to Validate                                                                     |
|----------------|----------------|--------|--------------------------------------------------------------------------------------|
| Compound Test: | KPV            | KPV    |  |
| Quantity:      | 10mg           | 9.85mg |                                                                                      |
| Purity:        | >98%           | 99.41% |                                                                                      |

Aleksey Yevtodiyenko PhD  
 Research and Formulation Chemist

This purity analysis was conducted using UPLC/MS under standard laboratory conditions, following validated analytical protocols to ensure accurate and reliable results. This analysis is intended for informational and research applications.
